

CARANICHE
AT WORK

Caraniche Training Calendar for Clinicians & Frontline Workers

2019

Caraniche at Work supports the learning and development needs of thousands of employees every year across Australia.

We offer a range of training options to suit your individual requirements, delivered by senior clinicians and facilitators, who are highly skilled in engaging meaningfully with participants and are able to draw on real-life examples and applications.

Taking a dynamic and responsive approach

Our new annual training calendar has been developed to meet the demand and highest priority needs of the sectors and organisations we support.

We invite requests for additional topics you would benefit from, or expressions of interest for existing topics you would like to see run more frequently. Please submit topic requests or register your expression of interest at:

work.caraniche.com.au/training/

Caraniche at Work also offers customised training for your workplace.

Making people the priority

Caraniche 1st Quarter Training: February-March

Domestic Violence/Family Violence and Mental Health in the Workplace

Dr Kayleigh Young

28 February 2019 - \$560
(one-day)

SK

This workshop is designed for managers and HR professionals who recognise that workplaces have a role to play in supporting employees experiencing mental health and family violence issues. It will equip attendees with an understanding of the knowledge, skills and best practice principles required to better respond to these complex issues.

Target audience: HR professionals, managers, team leaders and others who supervise or lead teams in the workplace.

Resilience and Stress Management Strategies for the Workplace

Tegan Bradilovic

28 March 2019 - \$440
(one-day)

CS

This workshop will consider the key concepts of resilience and stress in the workplace and provide practical strategies that staff can put in place to support themselves and each other in a team environment.

Target audience: All employees.

Introduction to Clinical Supervision

Leila Greenfield

15 March 2019 - \$440
(one-day)

SK

Designed for clinical supervisors, this workshop will provide an overview of the key models of supervision, in addition to the pragmatics of facilitating an effective supervision session.

Target audience: New managers and supervisors who provide clinical supervision.

In-house training calendar

Caraniche can manage your in-house training calendar, including needs analysis, recommending topics, monitoring staff attendance, development of promotional materials and venue booking, evaluation of training outcomes and recommendations for ongoing workforce development.

Specialist knowledge

Caraniche 2nd Quarter Training: April-June

Topics for Caraniche Quarter 2 training are outlined below. Dates and venues will be announced shortly, and registrations will open soon. Sign up for our training updates to be advised as soon as further details are released.

Training course information can be viewed online and requests for topics and expressions of interest submitted at work.caraniche.com.au/training/

Developing Dynamic Teams

\$440 (one-day)

CS

This training will explore the role and function of effective teams and provide strategies for leaders to develop and motivate colleagues and teams towards shared outcomes.

Target audience: Managers, team leaders and others who supervise or lead teams in the workplace.

Operational Supervision: Simple Strategies for Managers

\$440 (one-day)

SK

Designed to optimise performance, this introductory workshop explores essential topics for the new operational or line supervisor. This workshop will address different roles of supervisors and managers, communication styles, providing feedback, emotional intelligence in the supervision relationship, goal setting and coaching, assertiveness and “managing up”.

Target audience: New and existing managers who have not yet had formal training, in both operational and frontline roles.

Next Steps in Clinical Supervision: Moving Beyond Foundation Skills

\$440 (one-day)

SK

This workshop is designed for supervisors with good foundational knowledge and some experience in the delivery of clinical supervision. It will allow participants to use more sophisticated techniques to support the development of supervisees and respond to complex challenges that may emerge in the supervisory relationship.

Target audience: Experienced supervisors who have completed previous supervision training.

Managing Aggressive and Challenging Behaviours

\$440 (one-day)

CS

This workshop discusses and reviews the key factors that contribute to aggressive and challenging behaviours as well as providing a framework for de-escalation, assertive closure and self-care after an event.

Target audience: Frontline workers in complex settings.

Training topics you would like to see

Caraniche 3rd Quarter Training: July – September

Topics for Caraniche Quarter 3 training are outlined below. Dates and venues will be announced shortly, and registrations will open soon. Sign up for our training updates to be advised as soon as further details are released.

Training course information can be viewed online and requests for topics and expressions of interest submitted at work.caraniche.com.au/training/

Assertiveness and Confident Communication Skills

\$220 (half-day)

CS

This practical, half-day workshop provides attendees with skills and tools to develop and enhance interpersonal assertiveness in the workplace; in particular when managing relationships, conflict and competing priorities.

Target audience: All employees.

Managing Mental Health in the Workplace

\$220 (half-day)

SK

This workshop provides managers and HR professionals with theoretical and practical training to understand and recognise mental health issues in the workplace.

Target audience: HR professionals, managers, team leaders and others who supervise or lead teams in the workplace.

Psychological First Aid

\$440 (one-day)

SK

This training unpacks the framework and theory for providing Psychological First Aid as well outlining evidence-based frameworks that can be used as a part of Critical Incident Response (CIR). This practical workshop will also look at some common barriers to assertive communication within the context of providing support during a critical incident.

Target audience: Team leaders, frontline workers and those working in “first response” services.

Introduction to Clinical Supervision

\$440 (one-day)

CS

Designed for new clinical supervisors, this workshop will provide an overview of the key models of supervision, in addition to the pragmatics of facilitating an effective supervision session.

Target audience: New managers and supervisors who provide clinical supervision.

Vicarious Trauma, Compassion Fatigue and Resilience

\$440 (one-day)

CS

This experiential workshop will respectfully and sensitively explore the personal impact on professionals working with trauma, abuse and crisis. The training is designed to inform and support participants about the symptoms of Vicarious Traumatisation (VT), and assist them to develop effective strategies to protect, manage and recover from the associated effects.

Target audience: Frontline workers exposed to trauma, abuse and crisis.

Understanding Trauma and Addiction

\$790 (two-days)

SK

This training provides participants with a comprehensive and thorough understanding of the issues facing individuals around trauma and substance use. Over the two days, this workshop will provide skills and practical strategies to understand and assist clients in providing treatment and ongoing service delivery.

Target audience: Frontline workers, AOD clinicians, Case Managers, supervisors and support roles.

Customised training

We can develop a customised training program, facilitated at your workplace at a date and time that suits you. Our current portfolio of training courses can be viewed online at work.caraniche.com.au/training

Caraniche 4th Quarter Training: October- December

Topics for Caraniche Quarter 4 training are outlined below. Dates and venues will be announced shortly, and registrations will open soon. Sign up for our training updates to be advised as soon as further details are released.

Training course information can be viewed online and requests for topics and expressions of interest submitted at work.caraniche.com.au/training/

Resilience and Stress Management Strategies for the Workplace

\$440 (one-day)

CS

This workshop will consider the key concepts of resilience and stress in the workplace and provide practical strategies that staff can put in to place to support themselves and each other in a team environment.

Target audience: All employees.

Domestic Violence/Family Violence and Mental Health in the Workplace

\$560 (one-day)

SK

This workshop is designed for managers and HR professionals who recognise that workplaces have a role to play in supporting employees experiencing mental health and family violence issues. It will equip attendees with an understanding of the knowledge, skills and best practice principles required to better respond to these complex issues.

Target audience: HR professionals, managers, team leaders and others who supervise or lead teams in the workplace.

Foundational Skills in Motivational Interviewing

\$440 (one-day)

CS

This session provides an introduction to the foundations of Motivational Interviewing (MI) when working with behaviour change in a variety of contexts and settings. It is designed as an interactive, foundational workshop, allowing participants the opportunity to practice skills in a supportive environment.

Target audience: Frontline workers, case managers and support roles.

**Caraniche also provides Advanced Supervision Skills training; please contact us for more details.*

Managing Aggressive and Challenging Client Behaviours

\$440 (one-day)

SK

This workshop discusses and reviews the key factors that contribute to aggressive and challenging behaviours as well as providing a framework for de-escalation, assertive closure and self-care after an event.

Target audience: Frontline workers in complex settings.

Next Steps in Clinical Supervision: Moving Beyond Foundation Skills

\$440 (one-day)

SK

This workshop is designed for supervisors with good foundational knowledge and some experience in the delivery of clinical supervision. It will allow participants to use more sophisticated techniques to support the development of supervisees, and respond to complex challenges that may emerge in the supervisory relationship.

Target audience: Experienced supervisors who have completed previous supervision training.
